

## **STATEMENT BY MINISTER OF INTERNAL AFFAIRS ON MISSING PERSONS**

Rt Hon. Speaker, Hon. Colleagues, you will recollect that about three weeks ago I made a statement on alleged kidnaps. At that time I indicated that I was making a preliminary statement on the matter. Further, I indicated that I would make a subsequent statement once investigations had revealed more information. Today therefore, I am pleased to share with you more information on this matter.

Today am presenting to you a list of **177 (one hundred and seventy seven)** names clearly identifying the person, the date when the person was arrested, the place where the person was arrested from, the reason why the person was arrested and the case management history. I have the honor to lay the list on table Rt Hon Speaker. In summary there are 43 persons arrested for participating in the riots, 156 found in possession of military stores and 17 arrested from meetings planning post-election violence, 06 persons were released on police bond.

In conclusion, going forward I would like to inform the house and the general public that a copy of this list is at police HQS with the office of the CPC. The public is encouraged to check with that office the whereabouts of their missing persons and to get permission to visit them. However in doing so we should maintain SOPs and avoid overcrowding.

Rt Hon speaker, Hon colleagues thank you for giving me the opportunity to present the list.

  
Gen Odongo Jeje
